You've sorely misunderstood the premise of your own transcendence.
Well, let us elucidate;
I'm not the type to make confessions.
At last, we're face-to-face in all our differences.
What I would like to do is righteous.

You will take it all off.
You will tolerate the fall.
You will learn to love the pain of the trace.
That my fingers leave behind on your waist.

You won't say another word.
Dumbass bitch, you'll never learn.
Disobey, you'll take the burn so it's none of my concern.

"The premise of your own transcendence"
Well, let's hallucinate,
I'm not the type to make confessions.
You'll see, we're face-to-face in all our differences.
Assuming all this shame was rightfully earned.

I've got a sick kinda pleasure lying here in your bed;
In your body I've been longing to unite in death.
I've gotcha caught in a spiderweb inside of your head.
Oh, I wanna see you squirming while I play in your stead.

I've got a sick kinda pleasure lying here in your bed!
In your body I've been longing to unite in death!
I've gotcha caught in a spiderweb inside of your head!
Oh, I wanna see you squirming while I play in your stead.

Bitch.
Whore.
Rapebait.
Slut.
Pedophile's child.

Bitch.
Whore.
Rapebait.
Slut.
Necrophile's idol.

Bitch.
Whore.
Rapebait.
God.
Pedophile's child.

Bitch.
Whore.
Rapebait.
God.
Necrophile's idol.

You will take it all off.
You will tolerate the fall *(Shut the fuck up)*.
You will cut it all out *(Pedophile's child)*.
You will tolerate the fall *(Child, Child, Child)*.

I can cut it all out.
You will tolerate the fall *(Shut the fuck up)*.
I can take it real good *(Necrophile's idol)*.
You will tolerate the fall *(Idol, Idol, Idol)*.

You will never have to look down.

I've got a sick kinda pleasure lying here in your bed!
In this body I've infected with E'er-lasting threads!
I've got your legs spread, painted red in blood from your death!
Oh, I love you when you're hurting while I fuck with your head!

That's all you're good for, then!
